## About me

I'm seeking a full-time position where I can apply my creativity and motivation. I have internship experience in UI/UX design, along with a background in logo creation and 2D animation from school projects. I'm passionate about turning ideas into clean, user-friendly designs and am eager to learn and grow. I'm also open and willing to be trained to further develop my skills.

## Experience

### UI/UX Designer Internship

Jan 2025 - April 2025

Pixel8 Web Solutions & Consultancy Inc.

During my UI/UX designer on-the-job training at Pixel8, I honed my ability to create intuitive and visually appealing user interfaces. Under the supervision of experienced professionals, I gained hands-on experience conducting user research, developing wireframes and prototypes, and iteratively refining designs based on feedback. Through collaborative
